

## LORIMER "SLUSH FUND" DISCLOSURES LIABLE TO CAUSE ARREST OF MANY

**Witnesses of Lorimer Contradict Testimony Which Causes Startling Disclosures--President Taft Non-communicative on the Inquiry**

WASHINGTON, D. C., July 1.—Intimations of the prosecution of certain witnesses for perjury to grow out of the senate investigation of the election of Senator Lorimer, were forthcoming yesterday during the examination of Edward Hines, the Chicago millionaire lumberman, whose name is connected with the alleged \$100,000 fund collected to elect Lorimer. Hines contradicted many statements of previous witnesses and the situation aroused Senator Kenyon of Iowa.

"Now, there ought to be some prosecutions for perjury right here," he exclaimed. He did not indicate

whom he would have indicted but the remark created a profound impression. All day Hines was on the stand and the examination was not concluded when the committee adjourned yesterday.

Hines' first testimony attracted deep interest. It was a detailed account of how he said President Taft, former Senator Aldrich and Senator Penrose had him exert his influence to have Lorimer elected. At the afternoon session Senators Gamble, Kenyon and Jones plied the witness with questions designed to show he knew nothing directly about President Taft's attitude in the matter.

## THIRD GAME OF SERIES WILL BE TOMORROW

**GOLDFIELDERS COMING ON A SPECIAL WITH BIG CROWD OF ROOTERS.**

The Goldfield Baseball club, drum corps and rooters will arrive in Tonopah tomorrow at noon for the third game of baseball between the two towns, and the local boys will be ready for them. Both teams have been hard at work practicing and a good game is promised the fans. Time will be called at 3 o'clock sharp and the line-up will be as follows:

Tonopah.	Position.	Goldfield.
Dorroh.....	Catcher.....	Lamer
Spencer.....	Pitcher.....	Relley
Osgood.....	First base.....	Albright
Griffin.....	Second base.....	Hopkins
Perry.....	Third base.....	Crosby
Hutton.....	Shortstop.....	Barr
Peck.....	Left field.....	Prosser
Quilled.....	Center field.....	Grayson
Prout.....	Right field.....	Mann

Spencer was elected captain of the team last night to succeed Peck, who has resigned from that position because he thinks that the captain should be in the infield.

There is a possibility that Hunter will be in the game Sunday. He has been suffering from a very sore arm and has asked to be assigned to the bench, but will be on hand in a uniform in case they have to press him into service.

Griffin is also a new man on the diamond, but in practice has shown up well in the field and with the stick. He understands the game and should prove a valuable acquisition.

Both teams have one game apiece to their credit, and the winner of this game will have a decided lead for the pennant.

## COUNTY TAKES UP THE NEW JAIL BONDS

The last of Nye county's indebtedness, created at the time that the county jail was built, when bonds to the extent of \$15,000 were issued, was wiped out yesterday when County Treasurer Mannix gave Edward Brown, the Tonopah purchaser of the whole bonds issue, a check for \$5,200 and cancelled five bonds and interest coupons attached.

These bonds were not due until January, 1912, but the money being in the Nye county improvement fund, arrangements were made between the county officials and the holder of the bonds to take up the bonds at this time and save the county the interest that would accrue from this date to January next.

The county now has a bonded indebtedness of only \$56,000, the refunding bonds of \$50,000, issued two years ago, and \$6,000 courthouse bonds, which latter are not due until January next.

It will thus be seen that Nye county, financially, is in splendid condition, with \$67,000 in cash in the treasury.

Good music and every effort will be made to make this—the first social event—a truly delightful one for all those fortunate enough to secure an invitation.

## DR. MASTERSON DENIES EGGERS LETTER STORY

**PHYSICIAN CLAIMS HE DID NOT WRITE GOVERNOR HAD MADE PROMISE.**

The Reno Journal of June 29 attacks Governor Oddie and accuses the governor of having promised the appointment of superintendency of the state asylum for the feeble-minded to Dr. Masterson and then failing to keep his promise. The attack is based on a letter which Controller Eggers alleges to have in his possession and which he claims is signed by Dr. Masterson. The Journal says, in part, as follows:

"Just a touch of humor is given the appointment of Dr. Lewis to the superintendency of the state asylum by a story that has leaked out from the board meeting when Dr. Lewis was appointed. This board consists of Treasurer McMillan, Controller Eggers and Governor Oddie.

"It is stated that at the meeting at which Dr. Gibson was ousted and Dr. Lewis given the position that Controller Eggers produced a letter from a doctor in Hawthorne, presumably Dr. Masterson, which stated that the governor had promised to vote for him for the position provided he (Dr. Masterson) could get Eggers to vote that way also.

"It is said that Eggers pulled this letter on the governor and that Mr. Oddie stated that evidently Dr. Masterson was in error, that he could not remember ever having made such a promise."

Dr. Masterson, at the present time, is a practicing physician in Tonopah, and to a Bonanza representative stated this morning that Eggers "could not produce any letter signed by him in his hand writing that asserted Governor Oddie had promised him the asylum position."

## TWO AUTO PARTIES PASS THROUGH CITY

**LOS ANGELES CARS ON THE WAY TO ST. PAUL AND NEW YORK.**

Two automobile parties arrived in Tonopah last evening from Los Angeles and both parties have eastern points for a destination.

George J. Petermann and family form one of the parties and their banners proclaim that the car is bound for Los Angeles to St. Paul. Mr. Petermann left St. Paul about 30 years ago and has made a fortune in the bakery business in Los Angeles, from which he has now retired.

The other party from the City of Angels is composed of F. C. Krause and family, and their destination is New York City. Both parties came in by the way of Big Pine and left this morning at 5 o'clock by way of Stone Cabin for Ely, after spending the night at the Mizpah hotel.

Tonopah is getting the bulk of the automobile travel from Southern California to eastern points and the commissioners should see that the roads are repaired and signs placed so as to encourage this travel.

## NOTICE TO SCHOOL CHILDREN.

All school children who are willing to participate in singing a couple of songs on the Fourth are requested to meet at the old school house at 3 o'clock. Quite a number have already promised their services, but the teachers desire that all the scholars be present.

## COLONEL ROOSEVELT IS ASSAILED BY QUAKER IN SUGAR INVESTIGATION

## SHERIFF PLEASED WITH CAMPS TO NORTH OF US

**ED MALLEY VISITS MANHATTAN AND ROUND MOUNTAIN MINING DISTRICTS.**

Sheriff Ed Malley has returned from a trip to Round Mountain and Manhattan and what he saw in the northern camps has enthused him. Ed says that Round Mountain is looking fine and that Manhattan has the center of the stage in the mining game at present.

While in the latter camp, Mr. Malley visited the Big Four lease, the White Caps lease, Ferguson-North lease and Herd lease, near the White Caps; the Crescent lease, in which Frank Mannix, "Billy" Wilson and Ed Malley are interested, and numerous other properties.

The sheriff says that the Big Four is certainly a wonderful property and that the White Caps can hardly be placed second to the Big Four, as the showing there is great, and with a little more development, will probably equal the Big Four.

Ferguson, North and Herd have a fine showing near the White Caps and have already shipped ore which netted them a nice profit.

On the Crescent, in which Ed Malley has associated with him Treasurer Mannix and Deputy Sheriff Wilson, has been placed an electric hoist and drifting is now in progress on the 125-foot level to cut a ledge that crops on the surface. Some ore is already proven in this lease, and the sheriff feels confident that the Crescent will yet prove something of merit when the ledge for which they are drifting is encountered.

Both Manhattan and Round Mountain have made elaborate plans to celebrate the Fourth.

## A MOST WELCOME CONTEMPT CASE

**ATTORNEYS FOR MRS. ORTIE McMANIGAL LOOKING FOR TROUBLE.**

LOS ANGELES, July 1.—The attorneys for Mrs. Ortie E. McManigal and for the McNamara brothers, announced yesterday that they welcomed the contempt proceedings against the wife of the alleged confessed dynamiter.

They declared they would make no effort to block the proceedings, which are set for Saturday before Judge Bordwell, of the superior court, who will determine whether questions asked Mrs. McManigal before the grand jury were proper. If the jurist decides they were, Mrs. McManigal will be accorded another opportunity to answer before any step to punish her is taken. The prosecution declared that it much preferred to have the questions answered to having Mrs. McManigal punished.

Mrs. McManigal's attorneys said that she was much improved, but still in bed, as the result of her sudden interview with her husband in the grand jury ante-room last Tuesday.

The defense stated that Judge Cyrus F. McNutt, formerly of the supreme court of Indiana, and now a resident of Los Angeles, would be associated with it in the preparation of details of the McNamara cases later on.

John D. Fredericks, district attorney, who went east about three weeks ago, presumably to investigate certain phases of the McNamara cases, is expected to return here in a few days.

## George Earl Jr., Continues Attack on Ex-President Before Sugar Trust Investigation Committee--Forces Friends to Rough Riders Vindication

WASHINGTON, July 1.—George H. Earle, Jr., of Philadelphia, yesterday renewed his attack on former President Roosevelt before the house "sugar trust" investigating committee. He was especially denunciatory of Colonel Roosevelt's alleged failure to institute criminal prosecution against the American Sugar Refining company officials after the Pennsylvania Sugar Refinery deal was exposed in 1906.

Earle spoke with such emphasis that he offered to apologize if the committee thought Roosevelt's inaction not reprehensible. Earle said he offered to debate the issue with Roosevelt in New York last fall, but that the latter declined the opportunity to "overwhelm him."

He said he approached Roosevelt with the feeling that he was the "greatest man in the universe. Now, however, he wanted," he said, "to submit his case to the people of Kansas, who still think of the former chief executive as I once did."

This aroused Representative Madison of Kansas, who said he still believed in the integrity of Colonel Roosevelt.

Mr. Segal, of the former Pennsylvania company, told the committee he needed money at the time (1903), and sixty days before the deal whereby he turned over the stock of the Pennsylvania company to Gustave Kissel, he borrowed \$250,000 from Kissel in New York.

The program will be a long one and will commence sharply at 7 o'clock. There will be five acts of "vaudeville," the Butler orchestra and a fine program of pictures, the feature being "The Aviation Meet at St. Louis."

This picture shows Hoxie and Johnstone making their last flight before losing their lives. The price of admission will be 25 cents and everybody is guaranteed their money's worth. Remember the funds go to the Fourth of July celebration.

## CAPTAIN WISE HAS PARK ON A SMALL SCALE

**DEMONSTRATES THAT TONOPAH RESIDENTS CAN GROW VARIETY OF FLOWERS.**

The skeptics who claim that Tonopah is no place for a flower garden and that nothing in the beauty line will flourish here, should visit the home of Captain Wise, south of the Jim Butler mine. The captain takes a great deal of pride in his yard and can well feel proud of what he has accomplished. Japanese hops are planted along the fence and porch for climbers, and are up about three feet. This plant is a very rapid grower and will furnish an abundance of shade before the summer is over.

Nasturtiums, sweetpeas, carnations, geraniums, squills, flax and cosmos are all flourishing. An improved fountain is also in the yard from which a small spray is playing. The water is caught from this spray and in the evening after it has been warmed by the sun, is used to water the plants.

Mr. Wise is also deserving of mention in the way he has decorated his home in honor of the Fourth as the national colors are flying from every point of vantage.

## HOWSELL IS ONE DAY LATE--WILL ARRIVE SUNDAY

**LARGE CROWD PROMISED FOR BIG WRESTLING MATCH ON NEXT MONDAY.**

There has been a big demand for tickets at the Tonopah Drug store for the wrestling and boxing contests on next Monday night, at the Nevada theater, and that the event is going to be a success is beyond question.

Word was received in this city that Stanley Howsell had missed the train in Reno and that the wrestler would not be able to reach this city before tomorrow afternoon.

Prof. Braun has been training hard for this bout and is confident of being returned the winner. The backers of Howsell are equally confident of their man and claim that he has improved greatly since the two met on the mat.

Besides this wrestling match next Monday night, King Pierce and Battling Irvin will be seen in a ten-round boxing match. Don't forget the big show at the Nevada theater next Monday night.
